IMPACT REPORT

MANIPUR TECHNOLOGY INNOVATION HUB (MTI-HUB)

*An initiative by
Department of Information Technology, Government of Manipur
& Implemented by KIIT-TBI, Bhubaneswar*

ABOUT US

Manipur Technology Innovation Hub (MTI-HUB) is an initiative of Department of Information Technology, Government of Manipur Implemented by KIIT-TBI, KIIT University, Bhubaneswar with a holistic ambition to nurture and promote the startup innovation ecosystem primarily across the North east and enable young entrepreneurs to initiate technology startup for commercial exploitation.

Department of Information Technology (DIT), Govt. of Manipur signed an agreement with KIIT-Technology Business Incubator (KIIT-TBI), on 5th January 2022 to establish **Manipur Technology Innovation Hub (MTI-HUB)**

Shri Amit Shah, Hon'ble Union Minister for Home Affairs and Minister of Cooperation virtually inaugurated the Manipur Technology Innovation Hub (MTI-HUB) on 6th January, 2022

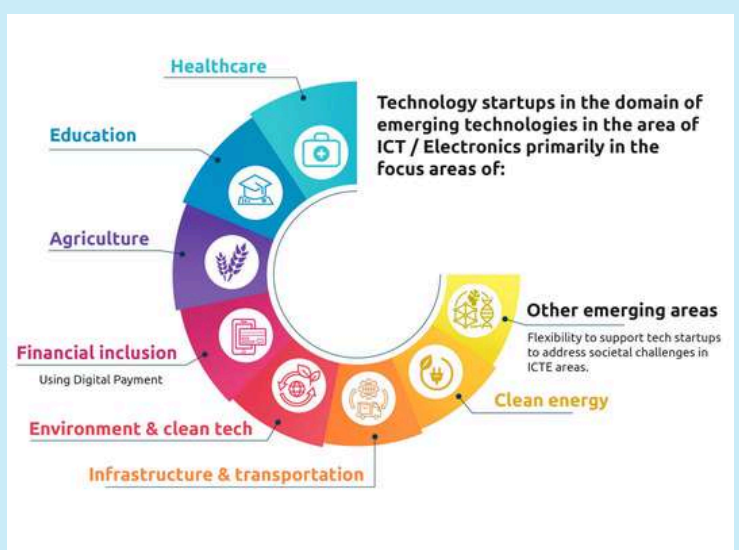

Shri N. Biren Singh, Hon'ble Chief Minister of Manipur along with Shri Rajesh Kumar, Chief Secretary, Manipur visited and interacted with representatives of the Manipur Technology Innovation Hub (MTI-HUB) on 12th November 2022

FACILITIES OFFERED

FOCUS AREAS

EXECUTIVE SUMMARY

Commenced on **07th November 2022** Manipur Technology Innovation Hub (**MTI-HUB**) provides a holistic platform to catalyze interactions between entrepreneurs, startups, academic institutes, industries, investors and other stakeholders in Manipur and facilitate them in fruitful collaborations and help synergize strengths that already exist in the region, there by paving the way for technology solutions to various societal challenges.

For the past one year, we have inspired, educated, and empowered potential entrepreneurs as they innovate and create business ventures. To encourage them, we need to increase the breadth and depth of the entrepreneurial ecosystem by multiplying connections among entrepreneurs and mentors, improving access to entrepreneurial education, creating events and activities that activate all the participants in the start-up community, and much more.

In congruence with this core idea, in the last years of November, 2022 to October, 2024, the Centre carried out various activities like **ROADSHOWS, Startup Innovation Conclave 1.0, NORTH EAST STARTUP SHOWCASE SUMMIT 1.0, Building Sustainable Incubator Ecosystem In North East Region (BINER) 2.0, G20 Digital Innovation Alliance National Program "Digitalization: Enabling India's Tech Growth, BIG Technical Evaluation Panel, INNOVENTURE : Startup Pitch Challenges** to name a few.

Venue : JCRC Global College, Imphal
Date : 8th November, 2024

**Roadshow # 14**

Venue : GP Women's College, Imphal
Date : 21st December, 2024

PARTICIPATION AND ENGAGEMENT:

- The roadshow was conducted in multiple colleges and institutes across Manipur.
- Over **1000+** students and faculty members actively participated in the sessions.
- The events featured interactive Q&A sessions, startup success stories, and mentorship discussions.
- Several student teams expressed interest in developing their startup ideas with MTI-HUB's support.

KEY OUTCOMES:

- **Increased Awareness:** Many students and faculty members gained a clear understanding of the startup ecosystem and MTI-HUB's role in supporting innovations.
- **New Startup Ideas:** Several students showcased innovative ideas, some of which have the potential to be incubated at MTI-HUB.
- **Mentorship Requests:** Many participants sought guidance and mentorship from MTI-HUB experts.
- **Collaboration with Institutions:** Colleges and institutes expressed willingness to collaborate with MTI-HUB for future startup events, hackathons, and entrepreneurship training programs.
- **Registrations for MTI-HUB Programs:** Increased registrations for startup incubation and participation in upcoming MTI-HUB initiatives.
- **Pitching Opportunity:** 70+ innovative ideas were pitched during the roadshow.
- Motivated the youths with the success story sharing by BIG grant winners from Manipur.
- MTI-HUB office is becoming a centre of attraction for the youths of Manipur venturing into the startup ecosystem.

The MTI-HUB Roadshow successfully created enthusiasm among students and faculty regarding entrepreneurship and startup culture. The initiative has laid the foundation for stronger industry-academia collaboration, fostering innovation and empowering aspiring entrepreneurs. Moving forward, MTI-HUB plans to conduct follow-up mentorship sessions and incubation programs to support budding startups from these institutions.

NORTH EAST INDIA LAUNCHPAD 2.0

10th & 11th March, 2023, Virtual

NE launch pad 2.0, organized by KIIT-TBI and supported by Meity, Govt under the TIDE 2.0, scheme, and BIRAC-supported KIIT TBI BioNEST BRTC Centre: a customized acceleration program for NE startups/innovators to fast-track their innovation journey.

With the overwhelming success of NE launch pad 1.0, organized by KIIT TBI and supported by Meity, Govt under the TIDE 2.0, scheme and BIRAC supported KIIT TBI BioNEST BRTC center and Assam Down Town University as Ecosystem Partner where 15 + potential young innovators/startups from North East states were provided holistic mentoring support through one month of acceleration program

The NE Launchpad was back with the second call announced on 1st Jan 2023 with the support of MeitY TIDE 2.0 and in collaboration with Manipur Technology Innovation Hub, supported by the Department of IT & Electronics, Govt of Manipur (MTI-Hub & BIRAC-BRTC).

The NE Launchpad 2.0 as anticipated received a massive response of 93 applicants followed by the onboarding of a cohort of 60 startups for a two-week Acceleration Program which was held from 1st to 15th February 2023 followed by the final Pitch Day on the 10th & 11th of March 2023.

IMPACT AND OUTCOME:

17 startups were selected and given one year Pro Bono incubation support from KIIT-TBI and MTI Hub which includes access to a prototyping facility, mentor connect, company formation, IP assistance, grant writing support, and many more.

NE India Launchpad 2.0
Acceleration Program

Success Stories from NE India Launchpad 1.0

ONE DAY WORKSHOP ON UNLOCKING INTELLECTUAL PROPERTY RIGHTS & COMPANY FORMATION

29th November, 2023

Manipur Technology Innovation Hub (MTI-HUB) organized a one-day workshop on Unlocking Intellectual Property Rights & Company Formation on 29th November, 2023 at MTI-HUB, IT Park, Imphal. The main objective of the workshop was to provide awareness & hands-on sessions on IPR and Company Formation and its relevance to Startups.

The workshop was inaugurated by **Shri Nambam Deben, Director, Department of Information Technology, Government of Manipur**. **Dr. Ch. Ibohal Meitei, Director, Research & Development Cell, Manipur University** also graced the occasion as Special Guest and address the participants.

During the technical session, **Ms. Smrita Pathak, Assistant Manager - Intellectual Property, BCKIC Foundation** address the participants on the topic IPRs and Its Relevance to Startups. **Mr. Shamik Ukil, CA, Owner, Ukil & Associates, Chartered Accountants** highlighted about the Guidance and step by step procedure for Company Formation

There were around 50 startups from various sector who have actively participated the workshop and the program was ended with grand success.

IMPACT & OUTCOME

Significantly enhanced awareness among participants, including entrepreneurs and researchers, about protecting innovations and establishing businesses. The session provided actionable knowledge on filing patents, trademarks, and copyrights, as well as navigating company incorporation and regulatory compliance.

As a result, several participants initiated IPR filings and expressed interest in registering their startups under MTI-HUB's incubation program for mentoring and support.

BEHIND CLOSED DOORS: DECODING MTI HUB'S ROLE IN TALENT CURATION FOR BANANA FIBERS PROJECT

22nd December, 2023

The interview for JRF and Project Technician positions for the project "**Comparative Studies of Different Banana Pseudo-Stem Fibres**" was conducted at MTI HUB. Panelists **Dr. Sudripta Das, Dr. Rajiv Kangabam, and Dr. Atom Anupama** assessed candidates on scientific knowledge, technical skills, and innovation.

MTI HUB is actively involved in the incubation process for this project. In addition to facilitating the interview process, MTI HUB is providing essential support in selecting the required manpower for the smooth implementation of the project. The collaboration between the incubated projects and the talent pool at MTI HUB ensures a seamless integration of research and practical application. The interview process was comprehensive, covering both the scientific and practical dimensions of the project. The panelists were impressed with the caliber of the candidates and their enthusiasm for contributing to the success of the research project.

ONE DAY WORKSHOP ON THE POWER OF SOFT SKILLS FOR STARTUP FOUNDERS

9th February, 2024

In the fast-paced world of startups, success relies not just on innovative ideas but also on mastering essential soft skills. The one-day workshop **"The Power of Soft Skills for Startup Founders"** held on February 9th, 2024, at the Manipur Technology Innovation Hub Conference Hall, addressed this crucial aspect. Through dynamic presentations and interactive sessions, participants explored the vital role of soft skills in driving entrepreneurial ventures forward.

Ms. Preety Thokchom, Co-founder of Primal Health Services, took the stage as the key speaker. She elucidated the importance of self-communication in fostering confidence. Additionally, Ms. Thokchom conducted a demonstration of yoga asanas to promote better mind-body coordination. She stressed the necessity of having a well-defined idea as the foundation for any startup endeavour

Dr. L. Jibon Kumar Sharma, Professor at Manipur Institute of Management Studies (MIMS), Manipur University, delivered a special address. Dr. Sharma emphasized the crucial role of physical fitness in building confidence. He underscored the importance of regular exercise for maintaining mental fitness and highlighted the significance of non-verbal communication in interviews.

IMPACT & OUTCOME

The one-day workshop on The Power of Soft Skills for Startup Founders had a significant impact over 40 participants by equipping participating entrepreneurs with essential interpersonal and communication skills crucial for business success. The interactive sessions, focused on leadership, team building, negotiation, and effective communication, empowered startup founders to navigate challenges and build stronger networks within the ecosystem

DOODARSHAN KENDRA MANIPUR (DDK) VISIT AT MANIPUR TECHNOLOGY INNOVATION HUB (MTI-HUB)

18 April, 2024

Doodarshan Kendra Manipur (DDK) recently visited **Manipur Technology Innovation Hub (MTI-HUB)** to document the programs and activities, shedding light on the significance of the Incubation centre in supporting startups and entrepreneurs in their initial journey.

The documentary aimed to reach million of viewers showcasing the vital role of incubator in nurturing innovation and fostering entrepreneurship.

During the visit, MTI-HUB have the opportunity to introduce our startup who have got various grants and support to kickstart their journey.

Startups who have participated during this program are:

- | | |
|---|---|
| 1. Dr. Binota Thokchom, Korou's Water | 5. Mr. Aleks Vashum, Misty Hills |
| 2. Mr. Rojesh Hemam, Nga Keithel Pvt Ltd. | 6. Mr. Premjit Okram, Mayon Agro Pvt Ltd |
| 3. Mr. Ashok Phairembam, Ashatel Pvt Ltd. | 7. Dr. General Thiyam, Generation Net Nutrition |
| 4. Ms. Rinchon Kashung, October Pumkin | 8. Dr. Atom Annupama, Chankorb Pvt Ltd. |

MTI-HUB HOST 3 DAYS TRAINING PROGRAM ON UTILIZATION OF BANANA FIBER “FROM WASTE TO WEALTH: UNLOCKING THE POTENTIAL OF BANANA FIBER”

23-25 April, 2024

Manipur Technology Innovation HUB (MTI-HUB), organized a 3 days training program **UTILIZATION OF BANANA FIBER “From Waste to Wealth: Unlocking the Potential of Banana Fiber”**.

The training program was led by Dr. Atom Annupama Devi, a renowned expert and BIG NE Grantee, the program focuses on extracting fibres from banana stems and creating eco-friendly handicrafts.

The initiative underscores the importance of sustainable practices and aims to empower local communities while generating economic opportunities. The participants were taught on the various handloom and handicraft products being prepared from the extracted fiber.

The 3 Days Training Program has provided valuable insights and skills to participants, fostering innovation, sustainability, and economic empowerment.

IMPACT & OUTCOME

- Empowering Communities through Sustainable Entrepreneurship.
- Knowledge Acquisition and Skill Enhancement.
- Inspiration and Entrepreneurial Spirit
- Sustainability and Innovation
- Networking and Collaboration

WORKSHOP ON OPEN NETWORK FOR DIGITAL COMMERCE (ONDC)

27th May, 2024

A "One Day Workshop on Open Network for Digital Commerce (ONDC)" was held on 27th May, 2024, at Manipur Technology Innovation Hub, IT Park, Mantripukhri. The workshop was organized by **Manipur Technology Innovation Hub in collaboration with MaolKeki Foundation**. The event aimed to introduce the concept of ONDC and its benefits, discuss its potential impact on digital commerce, and explore opportunities for local businesses and entrepreneurs in Manipur.

Mr. Yaikhomba Ningthemcha, Founder & Director, Addble Soution Pvt. Ltd. Addble became the first tech company from East and Northeast India to join the Open Network for Digital Commerce (ONDC) as a Seller Network Participant. During his address he highlighted on ONDC framework and its objectives, Benefits of ONDC for small and medium enterprises (SMEs) and local businesses, Steps for integrating with ONDC platform, Live demonstration of the ONDC platform and its functionalities.

IMPACT & OUTCOME

The One-Day Workshop has significantly contributed to raising awareness about the transformative potential of ONDC in fostering a more inclusive and decentralized digital commerce ecosystem. The session equipped around **33 attendees** including startups, entrepreneurs, and business owners with insights into ONDC's framework, its role in democratizing e-commerce, and opportunities for MSMEs to expand their digital footprint. Experts provided hands-on guidance on onboarding processes, policy frameworks, and leveraging digital platforms for market access.

The workshop strengthened the region's digital commerce landscape by encouraging innovation, enhancing market linkages, and fostering a more competitive and sustainable entrepreneurial ecosystem in Manipur.

3-DAYS TRAINING PROGRAM ON MUSHROOM CULTIVATION ON DIFFERENT SUBSTRATE 12 - 14 May, 2024

The **3-Days Mushroom Cultivation Training Programme** was held from 12th May to 14th May, 2024, at Manipur Technology Innovation Hub, IT Park, Mantripukhri, Imphal, Manipur. The programme was organized by **RAMA Foundation** powered by Manipur Technology Innovation Hub. The programme aimed to provide comprehensive training and technical knowledge on cultivating various mushroom varieties. The attended participants includes farmers, agricultural students, local entrepreneurs, and horticulture enthusiasts.

Ms. Rajendra Kumar, Mananging Director, RAMA Foundation address the participants on :

- *Overview of mushroom cultivation and its importance.*
- *Different types of edible mushrooms with a focus on Oyster, Kanglayan, Charuyen, Shiitake, Button and Milky mushrooms.*
- *Nutritional and medicinal benefits of mushrooms.*
- *Selection of mushroom species. Preparing the substrate.*
- *Sterilization and inoculation techniques*

IMPACT & OUTCOME

During the three days session, participants have given hand on training on substrate preparation, Bagging, Sterilization, inoculation, Incubation and success story.

Around 70+ delegates mostly women have participated the training program and certificate of participation have been distributed to the participants.

GRANT WRITING SESSION FOR BIOTECHNOLOGY IGNITION GRANT (BIG) 24TH CALL

10 & 23 May, 2024

MTI-Hub organized Grant writing Session for Biotechnology Ignition Grant (BIG) on 10th & 23rd May at MTI-HUB office and Manipur University respectively. This session aims to help navigate the maze of grant applications and prepare a successful proposal for the Biotechnology Ignition Grant (BIG) 24th Call.

IMPACT & OUTCOME

Around 120 delegates at Manipur University and 30+ delegates at MTI-HUB office have participated the workshop and showed keen interest to Biotechnology Ignition Grant (BIG).

Through this session, it guide through the application process, funding mechanisms, and incubation support of KIIT-TBI. The event brought together brilliant minds with innovative ideas in biotechnology.

MANIPUR TECHNICAL UNIVERSITY (MTU) FIELD VISIT AND WORKSHOP AT MANIPUR TECHNOLOGY INNOVATION HUB (MTI-HUB)

7 June 2024

Officials and students from **Manipur Technical University (MTU)** visited the **Manipur Technology Innovation Hub (MTI-HUB)** for a field visit and participated in a **Workshop on prototype/ process design and development**.

This event aimed to enhance the students' understanding of innovation and enterprise ecosystems, as well as the processes involved in product development from ideation to execution.

Dr. Rajiv Kangabam, Lead, Manipur Technology Innovation Hub (MTI-HUB) emphasized the crucial role that MTI-HUB plays as an incubator, fostering innovation and supporting the entrepreneurial ecosystem in Manipur.

Dr. Moirangthem Roshini, Assistant Professor, Manipur Technical University highlighted that, the field visit and workshop at Manipur Technology Innovation Hub were highly educational and provided invaluable insights into the innovation and product development processes.

IMPACT & OUTCOME

- **Enhanced Learning Experience:** Students gained firsthand exposure to startup incubation, providing them with a practical understanding of innovation-driven enterprises.
- **Inspiration for Entrepreneurship:** Several students expressed interest in pursuing entrepreneurial ventures, with some exploring possibilities for startup incubation at MTI-HUB.
- **Strengthened Industry-Academia Collaboration:** The visit reinforced the collaboration between MTU and MTI-HUB, fostering future partnerships for research, internships, and project-based learning.
- **Skill Development:** The workshop equipped students with critical thinking, problem-solving, and business acumen skills necessary for real-world applications.

WORKSHOP ON DIGITAL MARKETING FOR STARTUPS & MSME'S

12 June, 2024

In today's digital age, effective marketing is crucial for the success of startups and MSMEs. To equip these enterprises with essential digital marketing skills, MTI-Hub organized a one-day workshop on **Digital Marketing for Startups and Micro, Small, and Medium Enterprises (MSMEs)** on 12th June, 2024 at MTI-HUB Office, Imphal.

The workshop aimed to equip entrepreneurs and small business owners with the knowledge and tools necessary to leverage digital marketing for business growth.

The workshop featured **Mr. Russell Longjam, Marketing & Growth Leader at Globiz**, as the key speaker. Mr. Russell Longjam addressed the participants that Digital marketing is no longer just an option; it's a necessity for startups. It provides a cost-effective way to reach a global audience, build your brand, and drive sales. By leveraging SEO, content marketing, social media, email marketing, and PPC, you can build a strong online presence and drive growth for your startup.

IMPACT & OUTCOME

The workshop provided participants with essential knowledge and practical strategies to enhance their online presence, improve customer engagement, and drive business growth through digital platforms. The session covered key topics such as social media marketing, search engine optimization (SEO), content creation, and paid advertising, equipping entrepreneurs with the necessary tools to build effective digital marketing campaigns.

MTI-HUB EMPOWERS FARMERS PRODUCER ORGANIZATIONS WITH COMPREHENSIVE PROGRAM

20 June, 2024

MTI-HUB in collaboration with **Manipur Organic Mission Agency (MOMA)**, Dept. of **Horticulture & Soil Conservation, Government of Manipur** organized a one day comprehensive program to enlighten **Farmer Producer Organizations (FPOs)** about the various facilities and support mechanisms available through the Manipur Technology Innovation Hub.

The event aimed to provide an in-depth understanding of the resources and assistance available to enhance the productivity and efficiency of FPOs.

Dr. Rajiv Kangabam, Lead at MTI Hub, addressed the participants about :

- Overview of the MTI-Hub mission and vision.
- MTI-Hub role in supporting agricultural innovation and FPOs.
- Various facilities available, including technological tools, research & infrastructure.
- Information on financial support, grants, and subsidies accessible through MTI-Hub.

The program was graced by **Shri Donald Soubam, Project, Director**, MOMA, Dept. of Horticulture & Soil Conservation, Government of Manipur, along with **Shri Khongbantabam Nimaichand Singh**, Project officer, MOVCDNER, Agriculture.

The event not only provided valuable information but also fostered a spirit of collaboration and innovation among the participating FPOs. It is anticipated that the knowledge and insights gained from this program will significantly benefit the agricultural sector in Manipur.

5-DAY BOOT CAMP TRAINING PROGRAMME ON “CONSTRUCTION OF AUTONOMOUS MULTIROTOR UAV FOR OBSTACLE AVOIDANCE”

19 -23 June, 2024

The 5-Day Boot Camp Training Programme on “Construction of Autonomous Multirotor UAV for Obstacle Avoidance” was successfully conducted from 19th to 23rd June 2024, jointly organized by MTI-HUB and NIELIT Imphal. The program aimed to equip participants with technical expertise in designing, constructing, and programming autonomous UAVs capable of obstacle avoidance using advanced sensor technology.

Objectives of the Boot Camp:

- To introduce participants to UAV technology, aerodynamics, and flight control systems.
- To provide hands-on training in assembling and programming multirotor drones.
- To develop autonomous obstacle avoidance mechanisms using AI and sensor integration.
- To enhance practical knowledge through real-time flight testing and debugging.

Key Highlights:

- **Technical Sessions:** Experts from the UAV industry and academia provided insights on drone architecture, AI-based navigation, and obstacle detection systems.
- **Hands-on Training:** Participants worked on assembling multirotor UAVs, configuring flight controllers, and integrating sensors like LiDAR and ultrasonic modules.
- **Autonomous Navigation:** Training focused on programming drones for obstacle avoidance using Python and ROS (Robot Operating System).
- **Live Demonstrations & Testing:** Participants tested and refined their UAV designs through iterative improvements in a controlled environment.

IMPACT & OUTCOME

- **Skill Development: 42 Participants** gained practical experience in UAV design, assembly, and programming, significantly enhancing their technical and problem-solving abilities.
- **Application of Advanced Technologies:** The integration of AI and sensor-based obstacle avoidance systems provided participants with exposure to cutting-edge drone technologies, improving their competency in automation and robotics.
- **Innovation & Prototyping:** Several participants successfully developed functional UAV prototypes with obstacle avoidance capabilities, which could be further refined for real-world applications.
- **Entrepreneurial & Career Opportunities:** The training opened avenues for participants to explore entrepreneurship in drone-based services such as precision agriculture, aerial surveying, and industrial inspections. It also provided insights into career opportunities in the UAV sector.
- **Collaboration & Networking:** The program facilitated networking among students, researchers, and professionals, fostering collaborations for future research and startup initiatives.

3-DAYS TRAINING PROGRAM ON MEALWORM FARMING AND REARING

26th – 28th June, 2024

The Manipur Technology Innovation Hub (MTI-HUB) successfully conducted a **3-day Training Program on Mealworm Farming and Rearing from 26th to 28th June 2024 at its premises**. The program aimed to educate aspiring entrepreneurs, farmers, and researchers on the potential of mealworm farming as a sustainable source of protein and its applications in food, feed, and waste management.

Shri Okram Premjit Singh, Founder of MaiyonAgro LLP the master trainer of the session highlighted participants on :

- The training covered fundamentals of mealworm farming, including breeding, feeding, harvesting, and processing techniques.
- Experts provided insights into nutritional benefits, market potential, and value-added products derived from mealworms.
- Hands-on demonstrations enabled participants to learn practical aspects of setting up and maintaining a mealworm farm.
- Interactive Q&A and networking sessions facilitated discussions on scaling up mealworm production and exploring commercial opportunities.

IMPACT & OUTCOME

- **Increased Awareness: 25 Participants** gained a deeper understanding of alternative protein sources and their economic viability.
- **Entrepreneurial Interest:** Several attendees expressed interest in starting small-scale mealworm farming ventures, with guidance from MTI-HUB.
- **Research and Innovation:** The program encouraged students and researchers to explore mealworm-based solutions for sustainable food production and waste management.

2 DAYS TRAINING PROGRAM ON FRESH WATER PEARL FARMING FOR ENTREPRENEURSHIP DEVELOPMENT AND BUSINESS OPPORTUNITIES

29-30 July, 2024

MTI-HUB organized a 2-day intensive training program on freshwater pearl farming, aimed at entrepreneurs, fish farmers, and self-help groups interested in exploring sustainable business opportunities. The program provided hands-on training and technical knowledge to help participants establish and scale their pearl farming ventures.

OBJECTIVE:

- To provide participants with in-depth knowledge of freshwater pearl farming.
- To equip participants with practical skills for setting up and managing pearl farming operations.
- To explore business opportunities and strategies for success in the pearl farming industry

The Inaugural session was graced by **Ms. Mercina R. Panmei, IAS Joint Secretary, Government of Manipur**, **Dr. Ch. Basudha Devi, Principal Scientist (Fisheries) ICAR, Imphal**, **Dr. T Brajeshwari Devi, Registrar, Manipur International University**.

Dr. Ajit Kumar Ng, Dean, School of Biological Sciences, MIU, along with **Mr. Lenin Laishram, Research Fellow,, MIU** are the trainers who have guided and conducted the training program.

IMPACT & OUTCOME

- **50+ Participants trained** in the end-to-end process of pearl farming.
- **5+ entrepreneurs expressed** immediate interest in launching small-scale pearl farms.
- Collaboration opportunities identified between local fish farmers and jewelry designers for high-value pearl products.
- Women entrepreneurs & self-help groups encouraged to enter the sector due to its low-maintenance, high-profit model.

NUTS AND BOLTS OF MANIPUR STARTUP VENTURE FUND

29 July, 2024

The "Nuts and Bolts of Manipur Startup Venture Fund" was an intensive program designed to equip startups with a comprehensive understanding of venture capital funding, investment strategies, and financial preparedness. The program was organized with the objective of bridging the gap between startups and funding opportunities under Manipur Startup Scheme.

Mr. Nickson Sharma, Analyst, NEDFi Venture Capital Limited provides valuable insights on the Manipur Startup Venture Fund.

Key Highlights:

- **Understanding Venture Capital:** Insights on NEDFi's funding process, investment criteria, and fund disbursement.
- **Investor Readiness & Pitching:** Sessions on crafting pitch decks, financial modeling, and valuation strategies.
- **Legal & Compliance:** Guidance on due diligence, equity structuring, and regulatory requirements.
- **Case Studies & Panel Discussions:** Success stories and expert insights on securing venture capital.
- **One-on-One Mentoring:** Direct feedback from NEDFi investment experts on funding strategies.

IMPACT & OUTCOME

- **Greater Investor Awareness: 50+ Startups** gained clarity on NEDFi's funding approach and investment process.
- **Improved Startup Readiness:** Many refined their business models and financial projections.
- **Potential Investment Linkages:** Several promising startups were shortlisted for further evaluation.
- **Strengthened Funding Ecosystem:** Enhanced collaboration between startups and financial experts.

BIOTECHNOLOGY IGNITION GRANT (BIG) GRANT WRITING SESSION

8th February, 2024 at Imphal College, Manipur

MTI-HUB organized a Grant Writing session for the upcoming **Biotechnology Ignition Grant (BIG)** on 8th February, 2024 at **Imphal College**, Manipur.

This session aims to help navigate the maze of grant applications and prepare a successful proposal for the upcoming Biotechnology Ignition Grant (BIG) call.

Through this session, it guide through the application process, funding mechanisms, and incubation support of KIIT-TBI & MTI-HUB.

Around 50+ candidates have participated the session and showed keen interest to Biotechnology Ignition Grant (BIG)

MEETING WITH OFFICIALS OF MANIPUR UNIVERSITY & THE INSTITUTE OF BIORESOURCES AND SUSTAINABLE DEVELOPMENT (IBSD), IMPHAL

25th February, 2024

MTI-Hub has the pleasure of meeting officials along with Scientist from Manipur University and The **Institute of Bioresources and Sustainable Development (IBSD)**, Imphal on 25th February, 2024

We are enthusiastic about the prospect of exploring meaningful networking & partnership such as proposal submission on various project, grants and mentoring support with Manipur University and IBSD.

Officials and the MTI-HUB team engaged in fruitful discussion on fostering growth and providing essential supports.

MTI-HUB AT 7 DAYS TRAINING ON CAPCITY BUILDING FOR CEOs OF FARMERS PRODUCERS ORGANIZATIONS

4th -10th August, 2024

The Manipur Technology Innovation Hub (MTI-HUB) participated in the 7- Day Training on Capacity Building for CEOs of Farmer Producer Organizations (FPOs), organized by the Women's Income Generation Centre (WIGC), Thoubal from the 4th to 10th of August 2024. The training aimed to enhance the leadership and operational capabilities of FPO CEOs, empowering them to lead their organizations effectively and contribute to the socio-economic development of their regions.

Dr. Rajiv Kangabam, Lead, MTI-HUB and Mr. Robinson Longjam, Business Development Manager, MTI-HUB presented about the Role of MTI-HUB in helping and supporting startups and Innovators. They highlighted about the objective and vision of MTI-HUB, its facilities offered on funding, hand holder and mentoring support to the Innovators.

MTI-HUB team contributed significantly to the training by providing expert knowledge and insights on various topics critical to the growth and sustainability of FPOs.

NUTS & BOLTS OF MSME IDEA HACKATHON 4.0

23rd September, 2024

Manipur Technology Innovation Hub (MTI-Hub) organized the **Nuts & Bolts of MSME Idea Hackathon 4.0** on **23rd September 2024** at its premises in Imphal, Manipur. The event was aimed at creating awareness about the hackathon, guiding participants through the application process, and encouraging innovators and startups from Manipur to apply.

Objectives :

- The primary objective of the session was to familiarize potential applicants with the MSME Idea Hackathon 4.0, an initiative by the Ministry of Small and Medium Enterprises (MSME), Government of India.
- It aimed to demystify the application process, outline the benefits of participation, and encourage innovative ideas from the region to compete on a national platform.

Key Highlights:

Ms. Velloree Khuraijam, Technical Associate, MTI-HUB presented a step-by-step walkthrough of the application process was provided, including details on eligibility criteria, key deadlines, and the online submission platform. Special emphasis was placed on how to structure proposals effectively and highlight unique aspects of their ideas to make them stand out. Real-life success stories from past participants were shared to motivate attendees.

IMPACT & OUTCOME

The session witnessed participation from over **40 startups, entrepreneurs, and students**, many of whom expressed their intent to apply. By demystifying the application process and offering hands-on guidance, MTI-HUB successfully drove enthusiasm and applications for the MSME Idea Hackathon 4.0, reinforcing its role as a catalyst for innovation in Manipur's entrepreneurial ecosystem.

BOEING BUILD 4.0 SENSITIZATION PROGRAM

The Boeing BUILD 4.0 Sensitization Program was successfully conducted by Manipur Technology Innovation Hub (MTI-HUB) during the month of August & September, 2024 on 20th & 23rd September, 2024 with an aim to inspire and empower young minds by introducing them to the opportunities and resources available through the Boeing BUILD 4.0 initiative.

IMPACT & OUTCOME

- The event saw enthusiastic participation from over 200+ students & startups, along with faculty members from various institute who showed keen interest in the initiative.
- The session emphasized the importance of innovation, mentorship, and access to technology as essential elements of entrepreneurial success.
- Attendees were encouraged to ideate, collaborate, and take advantage of MTI-HUB's incubation support and funding opportunities.
- The event concluded with a Q&A session where students actively engaged with the resource persons, showcasing their eagerness to explore entrepreneurial pathways.

VOICE FOR BT : AN INTERCOLLEGIATE PUBLIC SPEAKING CONTEST ON BIOTECHNOLOGY 27th September, 2024

Manipur Technology Innovation Hub (MTI-HUB) hosted participants of the **Voice of BT : An Intercollegiate public speaking contest on Biotechnology**, on 27th September, 2024 at MTI-HUB Office Imphal by providing them with the necessary resources and support to excel in their presentations.

MTI-HUB facilitated access to high-speed internet, video conferencing tools, and software, ensuring smooth virtual participation.

Participants were mentored by industry experts, who helped them refine their projects and enhance their presentation skills.

MTI-HUB also organized rehearsal sessions and public speaking workshops to boost the participants' confidence. Through this support, the participants were able to deliver polished, professional presentations, contributing to their successful involvement in the competition.

MTI-HUB STARTUP IDEATION PROGRAM ON HOW TO PITCH A WINNING IDEA

4th October, 2024

The **MTI-HUB Startup Ideation Program** on "How to Pitch a Winning Idea" was organized to help early-stage startups and aspiring entrepreneurs develop effective pitching skills. The session aimed to provide insights into crafting a compelling startup pitch, structuring a winning presentation, and confidently presenting ideas to potential investors, incubators, and funding agencies.

Mr. Okram Premjit Singh, Founder, Maiyon Agro LLP, Grantee of BIRAC BIG, BIRAC SBIRI, RKVY-RAFTAAR, Startup Manipur, Winner CSIR Ideation Challenge, Jhorat was the resource person who have presented on How to pitch a winning startup idea.

KEY HIGHLIGHTS

- **Comprehensive Pitch Structure:** Participants learned the key components of a successful pitch, including problem identification, value proposition, business model, market potential, and competitive edge.
- **Hands-on Pitching Practice:** Selected participants presented their ideas and received constructive feedback from mentors.
- **Q&A and Networking:** The event facilitated discussions and networking among startups, providing them with guidance and collaboration opportunities.

IMPACT & OUTCOME

- **Improved Pitching Skills:** 50+ Participants gained a deeper understanding of how to create and deliver a compelling startup pitch.
- **Refined Business Ideas:** Feedback helped startups refine their ideas and make them more investor-ready.
- **Increased Confidence:** Entrepreneurs became more confident in presenting their ideas in front of stakeholders.
- **Stronger Startup Ecosystem:** The program contributed to strengthening the startup culture in Manipur by fostering innovation and knowledge sharing.

MTI-HUB INNOVENTURE : STARTUP PITCH CHALLENGES

17th, 18th & 19th October, 2024

The **MTI-HUB INNOVENTURE: Startup Pitch Challenges**, held from 17th to 19th October 2024, brought together over 50+ startups from various sectors, including agritech, healthcare, sustainability, manufacturing, technology, and social impact. The event was designed to foster innovation, provide mentorship, and support promising entrepreneurs in their early-stage ventures.

Objectives :

- Promote entrepreneurship and innovation in Manipur and the northeastern region.
- Facilitate networking opportunities for startups, mentors, and experts.
- Select high-potential startups for incubation and support at MTI-HUB.

Event Highlights:

- Total Startups: 50+ participating startups, categorized into Idea Stage and Prototype Stage.
- Evaluation Criteria: Innovation, feasibility, market potential, scalability, and impact.
- Jury Panel: Industry experts, investors, incubators, and startup mentors.

Pitch Presentations:

- Startups presented their ideas in 8-minute pitches, followed by detailed 7-minutes Q&A sessions with the jury members.
- The Q&A sessions provided an interactive platform where participants received valuable suggestions on market positioning, customer acquisition strategies, and revenue generation models.

KEY TAKEAWAYS & EVENT OUTCOMES

Strengthening the Startup Ecosystem

- Encouraged a culture of innovation and entrepreneurship in the region.
- Connected startups with industry experts, mentors, and funding agencies.
- Provided insights into product development, business validation, and market expansion.

Incubation & Mentorship Support

- Top 6 winners received direct entry into the MTI-HUB Incubation Program, gaining access to expert guidance and funding opportunities.
- 24 consolation winners were provided with structured mentorship, networking sessions, and technical training to refine their business models.

Investment & Funding Opportunities

- Enabled startups to present their ideas to potential investors and industry leaders.
- Opened pathways for grant funding, seed capital, and collaboration with government initiatives.
- Identified high-potential startups for further funding and scaling.

Market & Business Model Validation

- Allowed startups to refine their value proposition through real-time feedback.
- Emphasized the importance of market research, customer validation, and competitive positioning.
- Startups learned to articulate their vision, business strategy, and long-term impact.

Networking & Collaboration

- Startups formed strategic partnerships with fellow entrepreneurs, institutions, and investors.
- Industry experts provided hands-on guidance on regulatory compliance, product scaling, and go-to-market strategies.
- The event created an active community for continued collaboration and growth.

Recognition & Visibility

- Provided a platform for emerging entrepreneurs to showcase their innovations.
- Enhanced visibility for startups within the regional and national startup ecosystem.
- The winners and participants gained media attention and stakeholder engagement.

JOURNALIST SANGHAMITRA KAR P TALKS TO MANIPUR STARTUPS AT MTI-HUB 7TH OCTOBER, 2024

Sanghamitra Kar P, an accomplished journalist with a strong focus on **how technology and the Internet economy impact society**, recently visited the Manipur Technology Innovation Hub (MTI HUB) on 7th October, 2024 and interacted with some of the prominent startup from the state.

IMPACT & OUTCOME

- During her visit at MTI-HUB, Sanghamitra engaged in in-depth interviews with several promising Manipur-based startups, many of which are incubated at MTI-HUB. **These discussions revealed the extent to which ongoing communal violence and the prolonged internet ban have disrupted the entrepreneurial landscape in the state.**
- Despite the monumental challenges they face, the startups that Sanghamitra interviewed displayed an unwavering spirit of resilience. **Their determination to survive, adapt, and innovate in the face of adversity is commendable.** While the conflict and its consequences have slowed their progress, these entrepreneurs remain hopeful that the situation will stabilize, allowing them to regain their momentum and continue contributing to Manipur's growing startup ecosystem.

NUTS & BOLTS OF STARTUP MANIPUR 2.0

25th October, 2024

MTI-HUB successfully hosted the "Nuts & Bolts of Startup Manipur 2.0," on 25th October 2024,. The event aimed at promoting awareness and encouraging participation in the Startup Manipur 2.0 registration drive.

The event attracted around 60 startups, providing a dynamic platform for entrepreneurs to network, share ideas, and learn about the various support systems available for budding businesses in the state of Manipur.

Attendees engaged in insightful discussions and workshops led by industry experts, who emphasized the importance of collaboration, innovation, and leveraging government initiatives for startup growth.

IMPACT & OUTCOME

The event not only highlighted the vibrant startup ecosystem in Manipur but also aimed to empower entrepreneurs with the tools and knowledge necessary to navigate the complexities of establishing and scaling their ventures. Feedback from participants was overwhelmingly positive, with many expressing a renewed sense of motivation and clarity regarding their business aspirations.

As a result of this initiative, MTI-HUB anticipates a significant increase in registration for Startup Manipur 2.0, fostering a more robust entrepreneurial landscape in the region.

PRESS MEET: A NEW ERA OF MANIPUR'S AQUACULTURE: FRESH WATER PEARL FARMING

23RD OCTOBER, 2024

The Manipur Technology Innovation Hub (MTI-HUB) have organize a press meet on the topic **A new Era of Manipur's Aquaculture: Fresh Water Pearl Farming in Manipur, 23rd October, 2024.**

During the press meet MTI-HUB is excited to announce the successful completion of Manipur's first-ever 2-day training program on freshwater

pearl farming held at the MTI-HUB on 29th & 30th July, 2024, the program equipped local farmers and entrepreneurs with the skills to venture into pearl farming, covering crucial techniques like pearl implantation, and sustainable aquaculture methods

For the first time in Manipur, participants have now successfully launched pearl farming projects in local water bodies, marking a historic moment for the state.

The introduction of freshwater pearl farming offers a new and sustainable income source for farmers in Manipur, integrating aquaculture with existing agricultural practices. This pioneering initiative not only boosts economic prospects for rural communities but also promotes environmentally friendly business models, ensuring minimal impact on local ecosystems

NETWORKING & FIELD VISITS

VISIT OF CHIEF SECRETARY, GOVERNMENT OF MANIPUR AT MTI-HUB

8 June, 2024

MTI-HUB hosted **Dr. Vineet Joshi, Chief Secretary, Government of Manipur** along with **Ms. Mercina Panmei, IAS Joint Secretary Government of Manipur** and **Shri Nambam Deben, Director of Department of Information Technology, Government of Manipur**.

This visit aimed to assess the progress, challenges, and potential of the startups being nurtured at the centre and to discuss ways to enhance support for innovation and entrepreneurship in the region. Team MTI HUB brief the impact report to the Chief Secretary and also the future upcoming programs.

The visit concluded with a commitment to work closely to overcome challenges and boost the startup ecosystem. Dr. Joshi expressed appreciation to the MTI-HUB team for the innovative efforts being made for entrepreneurial ventures.

MEETING WITH OFFICIALS OF SOUTH ASIAN INSTITUTE OF RURAL AND AGRICULTURAL MANAGEMENT (SAIRAM).

MTI-Hub has the pleasure of hosting **Prof H S Shekhar Sharma Director, SAIRAM** along with his esteemed team on 16th January, 2024.

We are enthusiastic about the prospect of exploring meaningful partnership such as proposal submission on various grants and mentoring support with SAIRAM an institute dedicated to rural and agricultural management in the state.

Director and the MTI-HUB team engaged in fruitful discussion on fostering growth and providing essential support to pave the way for these agri startup to scale new height.

FIELD VISIT REPORT AT SOUTH ASIA BAMBOO FOUNDATION BAMBOO FOR CHANGE: INNOVATING FOR A GREENER TOMORROW

6th March 2024.

MTI-HUB team have visited to the **South Asia Bamboo Foundation(SABF)** located in the Bamboo Complex in Patsoi, Imphal West, Manipur founded by Mr. Kamesh Salam, SABF stands as a beacon for sustainable development, environmental conservation and social inclusion.

With a focus on harnessing the potential of bamboo, the foundation is dedicated to promoting green entrepreneurship and fostering inclusive growth across the South Asia region. The site visit to the South Asia Bamboo Foundation provided valuable insights into its transformative impact on sustainable development, environmental conservation and community empowerment.

By leveraging the potential of bamboo as a sustainable resource, SABF exemplifies the principles of green entrepreneurship and inclusive growth, contributing to the achievement of the United Nations Sustainable Development Goals.

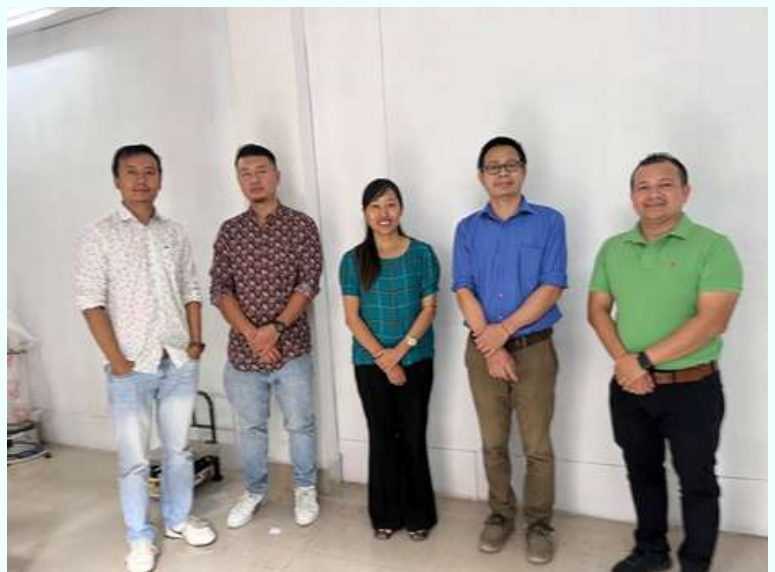

MTI-HUB TEAM MEETING WITH MANIPUR INTERNATIONAL UNIVERSITY TEAM.

12 July, 2024

The MTI-HUB team and Manipur International University team held a productive meeting to align on upcoming programs and activities, focusing on defining roles, responsibilities, and a tentative timeline.

The meeting commenced with both teams presenting their proposed programs and activities. **MTI-HUB** outlined their objectives and strategies, while MIU shared their expectations and alignment with their own goals.

The meeting was productive and set a solid foundation for collaboration. Both teams are committed to working together to ensure the successful implementation of the programs and activities.

✓ 3rd April, 2024, **MTI-HUB** team have recently visited the office of **Director, State Bank of India Rural Self Employment Training Institute (RSETI)**, Imphal branch to collaborate and work together for the youth of state. **SBI-RESTI** is an initiative of **Ministry of Rural Development (MoRD) Government of India** imparting training to educated unemployment youths for Self employment.

MTI-HUB team have encourage the initiative of SBI RSETI for supporting unemployed youth and also happy to connect with startups from different sectors incubated in MTI-HUB to help in training program. MTI-HUB team have also propose to organize some training program at MTI-HUB premises in collaboration with the SBI RESTI along with successful startups.

✓ 20 April, 2024 **MTI-HUB** team have visited to the **South Asia Bamboo Foundation (SABF)** located in the Bamboo Complex in Imphal and met the founder **Mr. Kamesh Salam**. With a focus on harnessing the potential of bamboo, the foundation is dedicated to promoting green entrepreneurship and fostering inclusive growth across the South Asia region.

We are enthusiastic about the prospect of exploring meaningful networking & partnership such as proposal submission on various project, grants and mentoring support with the South Asia Bamboo Foundation (SABF) which has provided valuable insights into its transformative impact on sustainable development, environmental conservation and community empowerment.

The founder and the MTI-HUB team engaged in fruitful discussion on fostering growth and providing essential supports.

MTI-HUB RECOGNITION

MTI-HUB Recognition as Incubation center of Startups in the state of Manipur.

Manipur Technology Innovation Hub (MTI-HUB) has been formally recognized as an official incubation center for startups by the Planning Department of the Government of Manipur via letter dated 4th October, 2024. This prestigious recognition highlights MTI-HUB's pivotal role in fostering innovation and entrepreneurship across the state.

PLG1-3/2/2024-PLG-PLANNING
GOVERNMENT OF MANIPUR
SECRETARIAT: PLANNING DEPARTMENT

Imphal, the 4th October, 2024

To,

Dr. Rajiv Kangabam,
Lead, Manipur Technology Innovation Hub,
(MTI-HUB), Mantripurkhi, Imphal, Manipur.

Subject: Recognition of Manipur Technology Innovation Hub (MTI-HUB) as State Startup Incubation centre.

Sir,

I am directed to convey the approval of the Government of Manipur to recognize Manipur Technology Innovation Hub (MTI-HUB), Manipur as incubation centre of startups in the state.

We are looking forward to your co-operation in enhancing ecosystem for nurturing startup in Manipur.

Yours faithfully,

N. Kulkarani Devi
(N. Kulkarani Devi) 4/10/2024
Director (Planning)

Copy to

1. Secretary to Chief Minister, Manipur.
