Date : 18th - 19th July 2024

No. of participating companies : 24

Total no. of applicants : 1000+

Venue : NIELIT Imphal, Akampat

INTRODUCTION

The NIELIT Job Fair 2024, a prominent employment oriented event, was organized by the National Institute of Electronics & Information Technology (NIELIT) at its Akampat campus in Imphal, Manipur. Held over two days on July 18th and 19th, 2024, the fair aimed to address the pressing issue of unemployment among the educated youth in the region. With a broad eligibility criterion, the event welcomed a diverse pool of participants, including those who had completed their Xth standard, graduates, postgraduates and both current and former students of NIELIT, as well as students from other educational institutions.

The job fair was designed to provide a dynamic platform for job seekers to interact directly with potential employers across various industries, thereby facilitating the recruitment process. It also aimed to bridge the gap between academic qualifications and industry requirements by offering a space for skill enhancement and career guidance. The event featured participation from 24 companies from different sectors, including software companies, healthcare, hospitality, retail and automotive. This diverse representation provided job seekers with a wide range of employment opportunities.

By bringing together job seekers, employers and industry experts, the event sought to foster a supportive ecosystem for professional growth and development in Manipur.

OBJECTIVES

- **Facilitate Employment Opportunities:** Facilitate employment opportunities for educated youth by providing direct access to job openings across various industries.
- **Enhance Skills and Knowledge:** Equip participants with knowledge about required skills and industry demands, encouraging skill development for better job prospects.
- **Promote Industry-Academic Collaboration:** Promote collaboration between academic institutions and the business sector to align educational outcomes with industry needs.
- **Foster Local Talent Development:** Prioritize hiring local candidates to foster regional economic growth and retain skilled professionals within Manipur.

PROGRAM HIGHLIGHTS

INAUGURAL SESSION

The inaugural session, held on July 18th, was graced by prominent figures such as Shri Nambam Deben, Director (IT) of the Govt. of Manipur as the Chief Guest, Shri Roshni Kumar Yambem, Managing Director of Globizs Web Solutions Pvt. Ltd. as the Guest of Honour and Shri N. Debachandra Singh, Director of NIELIT Imphal as the President of the function.

During the inauguration, Director N. Debachandra Singh highlighted the objective of the job fair to develop student's skills and provide advanced knowledge and expertise to meet industry needs. He announced NIELIT Imphal's plan to organize two job fairs annually. With 24 employers offering over 300 positions, Debachandra highlighted the importance of focusing on the growing electronics sector, especially with a planned Rs 5 crore semiconductor hub in Guwahati, which will create significant employment opportunities. He also expressed concern about ensuring that local job seekers benefit from these opportunities, given the potential influx of candidates from outside the northeast region.

MANIPUR TECHNOLOGY INNOVATION HUB (MTI-HUB) PARTICIPATION

The Manipur Technology Innovation Hub (MTI Hub) actively participated in the Job Fair, securing a dedicated stall to engage with potential job seekers. The MTI Hub team provided detailed information about the job requirements, career prospects and the innovative environment they offer to their employees. The team emphasized the importance of technological innovation in driving regional development and discussed how the Hub supports startups and entrepreneurs in Manipur. The team also gave awareness about different skill development programs the Hub is offering to provide self employment. As a key player in the region's innovation and technology sector, MTI Hub aimed to attract talented individuals interested in contributing to the growth and development of technological solutions in Manipur.

MTI-HUB ENGAGING TALENT AND CONDUCTING INTERVIEWS

Job Opportunities and Response: MTI Hub offered two vacant positions, attracting significant interest from job seekers. Throughout the two-day event, the MTI Hub stall received around 20 applications from enthusiastic candidates eager to join the Innovation Hub. The opportunity to work with MTI Hub, known for fostering technological advancements and innovation, was a significant draw for job seekers with a passion for technology and innovation.
